iOS Engineer

5 years of experience in developing iOS Application in field of E-Commerce, IoT and Image Processing with prior experience in Desktop Applications in Windows. Contr

EXPERIENCE

Walmart Global Tech India SWE - IN3

June 2022 — Present *App Link: Walmart App*

- Developed different features for Cart Module in Walmart Shopping app like:
  - Split Cart
  - Callout Nudge
  - Slot Shortcut and Express Upsell
- Implemented Unit and Functional testing for features being developed using XCTests.
- Led Release Cycles and Scrums on rotational basis.
- Worked with various teams across different timezone, geographical locations and domains.

Adobe Systems (via HSC) Senior SWE

June 2021 — June 2022 *App Link: Adobe PSX*

- Changed the colour experience in iOS App to increase space efficiency by 400%.
- Implemented Customer Usage Data Capturing Mechanism to improve user experience in future versions.
- Developed pixel perfect UI based on XD documents provided by Design team in UIKit using ObjC.
- Worked as IC for given tasks when required.

NEC Corporation India Senior MTS

November 2017 — June 2021 *App Link: Connect by Luminous*

- Developed iOS application for Luminous Inverters using UIKit, Swift, APNS, REST api et al.
- Trained one Junior to develop iOS Application.
- Developed iOS Application to login and join as Zoom User using Zoom SDK. Voice Transcription is provided by Azure SDK.
- Accomplished all requirements independently within given timelines. and Published the App to App Store.

Other Projects

Zuju Kickoff March 2023 — Present *App Link: Zuju Kickoff*

Zuju Kickoff gives you a whole new way to get in on the action while watching the English Premier League. Watch live match ball action, listen to live commentary, get cool stats and facts, and predict the action to score amazing rewards.

CatPoison March 2023 — Present *App Link: CatPoison*

To keep our pets safe from any possibly poisonous plant growing in our garden, my client Kevin came up with this idea. I actualized his idea and here we have the result. An iOS Application with database of more than 1,500 entries to show if a plant is poisonous for cats. Works in English and German.

EDUCATION

Master of Computer Applications *73.71%*

Aug 2014 — 2017 **Harcourt Butler Technological Institute, Kanpur**

Bachelor of Science *61%*

June 2010 — 2013 **St. John's College, Agra**

SKILLS & BACKGROUND

Languages and Frameworks

- **Swift**
- **UIKit**
- **SwiftUI**
- **Combine**
- **Autolayout**
- **XCTest**
- **Python**
- **Objective-C**

Concepts

- **Data Structures**
- **OOPS**
- **MVC, MVVM-C**
- **RESTful APIs**
- **GraphQL APIs**
- **Testing**
- **App Store Publishing**

Tools

- **Xcode**
- **Git**
- **Charles**
- **JIRA**
- **SPM & Cocoapods**
- **Postman**
- **Firebase**

Hobbies

- **Video games**
- **Reading Books**
- **Foosball**
